

# YOUR PARTNER IN HEALTHCARE SOLUTIONS

Pharmaceuticals for human use are developed and manufactured to high quality standards. Extensive requirements of the pharmaceutical industry go far beyond production and are increasingly being transferred to the supply chain of pharmaceuticals.

## Your advantage at a glance

- ✓ GDP-certified
- ✓ Logistics of pharmaceuticals as per current GDP guidelines
- ✓ Complete cold chains
- ✓ Use of requirement compliant transport equipment
- ✓ 24/7 emergency contact
- ✓ Sustainable quality assurance
- ✓ Express Service

## PHARMACEUTICAL LOGISTICS YOUR SPECIALIST - WORLDWIDE

We are committed to quality and integrity of pharmaceuticals throughout the entire supply chain. It is our claim that such sensitive goods are protected from quality deviations by means of a complete temperature control and maintenance as well as sufficient hygiene and safety standards in place.

Consistent quality in pharmaceutical transports is ensured by our process-oriented management system which has been certified according to the internationally recognized standard **DIN EN ISO 9001:2015 GDP compliant and sustainably via DIN EN ISO 14001:2015.**

Health is our highest asset – NGL the right partner.
